Projection Time about an hour—based on speed of 11 minutes per 1000 ft.

The descriptive section gives the musician an idea of each scene, before arrival of film, enabling him to select from his library the proper compositions which match the scenes accurately, thus conveying the full value of the picture to the audience, resulting in satisfaction to the patrons and exhibitors and continued contracts for film exchange. We are constantly receiving letters from musicians throughout the world praising and preferring this form cue sheet above all others.
